Re: M1 VOUCHER:

**SWISSINDO WORLD TRUST INTERNATIONAL ORBIT
MS. HONORABLE LUZ AGUIRREBENA - Ministry of
National and International UN Objectives
Linggacala/Continent America.**

I, ARWA VIKU MAMO Crispin Izquierdo as Founder and Legal Representative of the Foundation of INDO AMERICAN TRADITIONS in Colombia (FINDOC), created 25 years ago, commit to bring this message of Hope in connection to the project you are expanding in Latin America and the world, to all indigenous communities within Colombia and the entire continent.

Through this message I send you my resume and a short video about our participation in the conflicts that affect the indigenous population and the nation.

On my condition of Spiritual Guide of the communities KABAGA, PEIBU, IKUWINTUKWA, WIWA, GUIGUWA, KANKUAMO, KAKACHUKWA (TAYRONA), I reiterate my compromise with you, LUZ AGUIRREBENA and SWISSINDO in divulging the VOUCHER among the indigenous communities of the country, task I will get assistance from my student and Spiritual disciple FERNANDO BALLESTEROS, member of the SWISSINDO GROUP to start in Colombia with whom I have a tight friendship in the name of the originary people in our Latin American nation and the world, and in my own name to all of those who have made it possible that this project of bringing the sky to earth is a reality.

Let the Great Spirit, the Universe and Mother Earth bless you for this great gift pro the human race and the planet.

One thousand thank yous.

Affectionately, ARWU VIKU, Blessings.
