***FOR IMMEDIATE RELEASE***

### **UN SWISSINDO OWNER OF WORLD BANK GROUP RESOLVES YEARS OF CORRUPTION!**

**INDONESIA, JULY 11, 2018** – On Monday, July 9th, following disclosure of extensive government and political corruption within the World Bank, since 1961, especially the Grants and Intermediary Trust Funds through the International Bank for Reconstruction and Development (IBRD) - International Development Association (IDA), the UN SWISSINDO OWNER of KELOMPOK BANK DUNIA or WORLD BANK GROUP (WBG) submitted a Declaration of Transaction, Notice and Validation, with respect to the President of Republic Indonesia, Ir. H. Joko Widodo and Finance Minister, Dr. Sri Mulyani, for UN Swissindo's Debt Burden Liberation Certificate (DBLC), charges of Payment 1-11, as the Grants Donor – which has been under the management of WBG, IBRD, and the International Development Association (IDA) in the presence of financial service actors, EDS Staff, Financial Intermediary Funds (FIF). The Government of Indonesia, the Country Supplier and Borrowing Country is a Company/Corporation, as well as Bank Indonesia and the 6 Prime Banks, and do not have direct access to UN Swissindo WBG. The outcome of this Notice is to be announced in the TREATY EVENT at Tapak Siring Palace Bali 2018, in line with World Bank-IMF 2018.

The purpose of IBRD is to lend to governments of middle-income and creditworthy low-income countries. The IDA provides interest-free loans — called credits — and grants to governments of the poorest countries. Together, IBRD and IDA make up the World Bank.

Through Quality Assurance/Quality Control (QA/QC), the World Bank Group Manual System is the best protector for the Technology, Regulation and Company's Name Change to protect the true OWNER from the banking crime conspiracy throughout the World, as was reported by the International Monetary Fund (IMF) Code A.1.1.A, in accord with the Human Development Index (HDI). The HDI is a composite statistic of life expectancy, education, and per capita income indicators, which are used to rank countries into four tiers of human development. The UN uses this data to determine the level of assistance a country may require and granted, based on key issues of human development, inequality, gender disparity and poverty.

Based on the Review of the ID-IDA 1961-2018 Ledger, which revealed significant misuse of these funds by governments, particularly in Indonesia, the World Bank Group have decided and established the Notice and Validation of the INVOICE 1999 in UN Swissindo's Power, related to the 6 Prime Banks Accounts (BCA, BRI, BNI, DANAMON, MANDIRI, LIPPO BANK (CIMB-NIAGA) ID-IDA 1999-2033 Recent Disbursement.

The World Bank Group, WORLD BANK-UNDB has decided that FIF and EDS, as mediators for the disbursement of Intermediary Trust Funds for Indonesia on IDA 1961-2018, has greatly disadvantaged the nation, country and the people of Indonesia, where only in the era of President Soeharto, never used the ID-IDA Grants, and the incidence of divisions and the separation of TIM TIM (East Timor), PAPUA MERDEKA and ACEH, were all behind the control of EDS, including the HDI number 1 ranking country of India, which has never received the ID-IDA Grants.

Since IBRD is not responsible for the liability to IDA, in the period 2005-2015, the WORLD BANK GROUP, on behalf of Indonesia (the Borrowing Country), supports all positive activities of UN-SWISSINDO WORLD BANK GROUP in Indonesia.
