MEDIA RELEASE

FOR IMMEDIATE RELEASE

UN SWISSINDO OWNER OF WORLD BANK GROUP INVESTIGATED ON FALSE CHARGES!

INDONESIA, August 8, 2018 – Bank Indonesia (BI) and Financial Services Authority (OJK) have filed false charges of alleged fraud and defamation that led to the investigation of Mr. Sino AS Sugihartotonegoro (aka Royal K.681 M1), the UN SWISSINDO OWNER of KELOMPOK BANK DUNIA or WORLD BANK GROUP (WBG), following his disclosure and reports of extensive government and political corruption within the World Bank, of over 70 Trillion USD in Grants and Intermediary Trust Funds since 1961, which has been under the management of WBG, International Bank for Reconstruction and Development (IBRD), and the International Development Association (IDA) in the presence of financial service actors EDS and Financial Intermediary Funds (FIF).

The investigation of Sino AS Sugihartotonegoro at Caraka-Cirebon headquarters is deceptive, as clarification of the truth over UN SWISSINDO's documents reported by BI and OJK were already received. There have been those who have considered the SBI (Certificate of Bank Indonesia) as false or fake, while the owner of the certificate and the names who have signed the SBI themselves have never claimed being dishonoured in any way. It is a clear fact, if there is an element of criminality, they are the ones who should report the alleged fraud and defamation.

Clarification is currently underway and the truth will be tested by the National Police Headquarters. All correspondence is now at a climax.

The latest letter from Royal K.681 M1, the Chairperson of UN SWISSINDO, a Declaration of Transaction, Notice and Validation, UNS-RI WORLD BANK GROUP & TF2018 with respect to the President of Republic Indonesia, Ir. H. Joko Widodo and Finance Minister, Dr. Sri Mulyani has been delivered and arrived at the head of Presidential special staff desk, General Moeldoko, on 12 June 2018.

The Government of Indonesia, WBG Borrowing Country, as well as Bank Indonesia and the 6 Prime Banks, are unaware of the WBG-IDA grants, which now are under the control of UN Swissindo WBG, part of the Notice and Validation of the UNS-RI WORLD BANK GROUP & TF2018, to be announced in the TREATY EVENT at Tapak Siring Palace Bali 2018, in line with World Bank-IMF 2018.

The purpose of IBRD is to lend to governments of middle-income and creditworthy low-income countries. The IDA provides interest-free loans — called credits — and grants to governments of the poorest countries. Together, IBRD and IDA make up the World Bank.

Through Quality Assurance/Quality Control (QA/QC), the World Bank Group Manual System is the best protector for the Technology, Regulation and Company's Name Change, to protect the true OWNER from the banking crime conspiracy throughout the World, as was reported by the International Monetary Fund (IMF) Code A.1.1.A, in accord with the Human Development Index (HDI). The HDI is a composite statistic of life expectancy, education, and per capita income indicators, which are used to rank countries into four tiers of human development. The UN uses this data to determine the level of assistance a country may require and be granted, based on key issues of human development, inequality, gender disparity and poverty.

Based on the Review of the ID-IDA 1961-2018 Ledger, which revealed significant misuse of these funds by governments, particularly in Indonesia, the WBG have decided and established the Notice and Validation of the INVOICE 1999 in UN Swissindo's Power, related to the 6 Prime Banks Accounts; BCA, BRI, BNI, DANAMON, MANDIRI, LIPPO BANK (CIMB-NIAGA) ID-IDA 1999-2033 Recent Disbursement.

A Data Report from the World Investigator Team was delivered to Royal K.681 M1, UN Chairman-Indonesia and owner of World Bank, which was delivered to the President of the Republic of Indonesia and Ministry of MENKOPOLHUKAM, relating to several Generals and Former Indonesian Presidents, regarding Polymer Paper Currency IDR 1999, to indicate their responsibility for the settlement of the matter and the guarantee of Legal Printed Currency in 500,000 denominations, equivalent to 1 Gram of Gold, as a counterweight to the large-scale Investigation, of the gargantuan theft from Indonesia, particularly Papua, since 1961.

The WBG, WORLD BANK-UNDB has decided that FIF and EDS, as mediators for the disbursement of Intermediary Trust Funds for Indonesia on IDA 1961-2018, has greatly disadvantaged the nation, country and the people of Indonesia, where only in the era of President Soeharto, never used the ID-IDA Grants, and the incidence of divisions and the separation of East Timor, PAPUA MERDEKA and ACEH, were all behind the control of EDS, including the HDI number 1 ranking country of India, which has never received the ID-IDA Grants.

For the period 2005-2015, the WBG, on behalf of Indonesia (the Borrowing Country), supports all positive activities of UN-SWISSINDO WBG in Indonesia, since IBRD is not responsible for the liability to IDA.

Via the movement of God Almighty, the Dynamics of Pancasila Economic Change within the Country Administration System are to be executed and realised in accordance with the Oath of Office, for the sake of economic recovery for the people of Indonesia.

The Debt Burden Liberation Certificate (DBLC) is the first phase in UN-SWISSINDO's Payment Order 1-11 (P1-11) program, to ensure every person's welfare, equal social justice and sovereignty are in accordance with the contents of the Joint Decree Letter with Mahkamah Agung (Supreme Court) that was publicly announced by Royal K.681 M1 at the Grand Acclamation on October 16, 2016, at Taman Pandang, in front of the State Palace of Jakarta. The second phase of the P1-11 program, now in effect, is the M1 Voucher to provide a basic income for all humanity, beginning with Indonesia. Both DBLC and M1 Voucher are Acceptable Certifications acknowledged by the Supreme Court of Indonesia and Non Litigation / Trial SPRIN NO. UN-81704/009 M1.

UN Swissindo will continue to work with the Governments of Indonesia and the World, undeterred, until P1-11 are completed, bringing freedom and glorifying all pure beings, beginning with accepting their monthly basic income, as the step forward in experiencing the reality of Heaven on Earth.
